

DRIVING INSTRUCTIONS

Heraklion Airport to Villas Eleftheria, Kalithea & Irimi, Pendamodi

From the airport take the spur road out opposite the airport terminal. Ignore the first right turn for Heraklion at the traffic lights (which are not usually working) but go about 400 metres along the road and turn next right onto the N75 new National Road signposted Heraklion and Knossos.

At the first set of traffic lights go straight ahead. Follow the highway until you come to signs for Mires (approximately 8 km into your journey). Take this right turn off the main highway and at the T junction at the bottom of the slip road turn right, signposted Timbaki and the University.

Follow the road through the outskirts of town, up a hill where you need to be in the right hand lane to take the turning at the traffic lights signposted Hospital and Asites. After this right turn you will see the Makro Cash and Carry store on your left.

Keep uphill (past Makro on your left). Ignore the first right turn (to the monastery of Agia Theodori). Just after the periptero (kiosk) on your right there is a road where you should turn right. (You will see a large blue sign before this turning signed FORTH and S.TEP.C and on the junction itself there are two signs – one for Pyrgou and Prinias, and another for Voutes and Agios Mironas.)

Go along this road, passing the large white buildings of the hospital and the university on your right and left. (Some distance after the buildings there is a right turn signed FORTH and S.TEP.C Keep ahead here). You will reach a junction at which you need to go straight on, but with some care. Your road joins the road which has passed the hospital, and new road markings indicate that you must give way to traffic from the left.

You are now on the local countryside road that takes you eventually through the village of Voutes. Mid way through the village the road forks (there is a small Eko petrol station on the right here). Take the left hand fork, eventually heading out of the village back onto the country road.

A few kilometres further on is the sign for Pentamodi, on the right side of the road (there is also a sign for Kroussonas). Take this right turn, then turn immediately left. Go along this lane, and after you reach the Pendamodi village sign take the second right turn, with the well on the corner. Drive through the village until you reach a T-junction. Turn right, then left up a narrow, steep lane. At the top of the hill the road bends to the right, and just around the bend you will see the parking area for the villas on your left, surrounded by a low stone wall.

Please drive carefully and 'καλο ταξιδι' !
